

Corporate Sponsors

The Shuswap Foundation works hard at fund raising, knowing that the money being raised will continue to meet the changing needs of the community down through the years.

Public support is, of course, key.

Coupled with that, directors strive to operate in the most economical manner possible. There is no paid staff and administration costs are minimal.

Support and assistance volunteered by a number of corporate sponsors was vital in the publication and distribution of this report to our community.

With deep appreciation we recognize these Friends of the Foundation and ask that you, too recognize their contribution.

Vancouver Foundation support

The Shuswap Community Foundation is very appreciative of the ongoing support provided by the Vancouver Foundation.

That Foundation lent its expertise to help us get started seven years ago and, since then, has continued to be a valued partner.

The Vancouver Foundation helped us stage our November workshop for Shuswap volunteers. The \$10,000 LEAD (Leadership, Engagement and Development) grant funding received from the Vancouver Foundation this year was key in enabling us to respond to 30 Neighbourhood Grant applications to benefit all parts of the Shuswap.

I am pleased to commit my support in the amount of
